This fan-fiction article, **Axis**, was written by [Witcher190](#) and [Adalwulf of Aedirn](#). Please do not edit this fiction without the writers' permission.

Axis is a reality mixed with [The World](#) after the [Conjunction of the Spheres](#). It was the original world of the [unicorns](#). Until it was destroyed by a cataclysm of unknown origin.

Currently, it only serves as a world passage, towards very complicated regions of the [multiverse](#). Regions to which [The Spiral](#), can not access and as a resting place for some unicorns during their travels through different realities. It is also said to be the door to the omniverse.

In certain places of the Continent. Places where gravity and time are different, this world can be accessed because of the Conjunction who mixed this reality with others.

Trivia

- The Axis world is inspired by the [Axis Mundi](#) concept of diverse religions, beliefs and philosophies.
- The regions that cannot be reached by [The Spiral](#) are a reference to parallel lovecraftians dimensions.
